

**ANNUAL REPORT (2019-20)**

On the behalf of the management, staff and students of the Delhi International School Edge, Dwarka, I cordially welcome our (Chief Guest, Director Sir, Chairman School Management Committee of Delhi International School Edge, Dwarka.....) and all the parents to this occasion.

It is with pleasure, I would like to welcome you all to our beautiful School – Delhi International School Edge, Sector-18, Dwarka. We believe that every individual has a potential, and that potential can help us to accomplish wonders; the future begins with them and it belong to them. This session 2019-20 has been a great year for all of us, and I am proud to showcase all the achievements and developments that the school, staff and students have achieved.

Our goal is to ensure that every student is prepared to succeed in his life, so we work hard to accelerate student achievement and growth through a personalized education environment that we provide. This involves a number of innovative teaching methods, which includes creating a 'Personal Education Plan' for each student. Fundamentally, we believe that all children can reach high levels of achievement if we engage them in our student-centered environment by focusing on their individual strengths, providing them with comprehensive academic and social support, and immersing them in a culture of compassion and achievement. Our mission is to create a student-centered environment for students within an environment that will challenge them to maintain high levels of motivation and achievement through discipline, respect, perseverance and excellence.

While academics are our top priority, we also believe it is vital that our students are able to grow socially by having positive interactions with peers and adults. Students at DELHI INTERNATIONAL SCHOOL EDGE, are encouraged to embrace honesty, integrity, hard work, respect for all and community service as keys to success. In addition to the student-centered academic environment, we also focus on character development along with a sense of community service to foster behavior management and personal growth in each student.

**ACADEMICS:** I wish to begin with our performance on the academic front. I believe that the school must present real life problems and then guide the students to solve the problem by providing them with a hand-on activity experience that is **“Learning by Doing”**. With the help of our Kindergarten facilitator, our tiny tots showcased their talents on stage, by participating in day to day activities.

**Remedial instruction can help struggling learners shore up their basic skills. With this extra support can we help them catch up to their peers.**

**Special Education:-**

A special needs child is a youth who requires special attention and specific necessities that other children do not. For them, our school provides an **Inclusive Education** with excellent Special Educators who look after them with outmost love and care. They are accommodating and modifying their classroom environment to help children be successful learners and be an active participant in classroom activities.

***“The quality of your thinking determines the quality of your mind.”***

Participation in **Science, Mathematics, English, Social Science, English** and **Hindi Olympiad**, itself is the biggest competition, where a student competes to outshine others. It infuses a healthy competitive spirit through reward based assessment.

### **Unique Features of Academics:-**

To ensure that our students are equipped to face any challenge, our school Delhi International School Edge has taken different and unique initiatives this year.

To enhance the English Vocabulary, speaking skills and to help the students to become more expressive, we conduct **1 Minute Speech Activity** on everyday basis.

Teachers of our school are helping the children in increasing their vocabulary by involving themselves in this activity that helps in reducing their stage fear, improving overall personality and also to boost their moral values.

We have also introduced **“Mental Health Period”** for the students to create a balance between life activities and efforts to achieve psychological resilience of individuals.

With **meditation** being the act of focusing on one thought or thing and entering into a relaxed state of mind. This is really a very positive thing for any child to learn and practice on a restless, mischievous or especially over a hyper-active child. We ask students to meditate in the class if they are not able to concentrate in the class.

Our students are also been prepared to actively win different subject Olympiad exams and other English Language & Mathematics and Science Zonal Level Competitions.

Our School believes in functioning as a family because we are large enough to provide a challenging curriculum yet small enough to pay attention to the needs of every child. We know that each child is different and each child deserves success. We believe that every learner is unique and we strive to accommodate and inspire the special interests, talents, and strengths in each of our students through the delivery of an innovative, differentiated, and rigorous education programme.

We are committed to ensure that all children reach their potential and that we provide students, parents and community advocates with a warm, welcoming environment where students have the opportunity to experience success in a school culture that inspires dreams, builds compassion, and opens minds.

**INVESTITURE CEREMONY:** ‘Leaders are the role models who inspire the followers and motivate them to reach the pinnacle of the success’.

The Investiture ceremony signifies the reliance and confidence that the school consigns in the newly appointed office bearers. Donning the mantle of accountability, they also pledge to complete their duties to the best of their abilities and become responsible citizens. Our student council took the oath holding the Tulsi Plant with their Parents to perform their duties as expected with compassion and commitment to take Delhi International School Edge, flag high.

**WORKSHOPS:** Diverse workshops and training programmes are organized for enhancing the quality of thinking. The diversity of workshops not only benefits students and teachers, it also benefits parents and other staff in the school. In each workshop, there is something new to be learnt. The **Personality of the Month** initiative has been taken up wherein professionals from different fields are invited to speak to students and provide them with an insight to the different professions and how one must prepare for them.

To ensure that our students are well equipped with knowledge to face any challenge, we have focused on special topics and organized number of workshops. The **“Women and Child Protection”** Workshop is one of the few to have been conducted.

Recently we invited **Ms. Vasundhra Pathak Masoodi, Senior Lawyer of Supreme Court of India** who conducted an interactive session with the students on women empowerment and child protection.

We also organized a workshop where we invited **Dr. Vinod Kumar** who conducted an interactive session on the design and development of **Attitude and Orbit Control System (AOCS), Motion Compensation Schemes and Autonomy for ISRO MISSION, i.e., CHANDRAYAAN.**

### **Teachers Empowerment Programme and Workshops:-**

Teachers are also learners. Staying updated is the key to success in any field, especially in education. Our teachers constantly strive to stay abreast with the latest developments by attending workshops and various training programmes.

Teachers, who establish a healthy work/life balance, have more energy and serve as healthy lifestyle role models for their students. Keeping in mind the wellness health of our teaching staff, school organized a session, conducted by **Prabhuji Anmogh Lila Das, Vice President at ISKCON, Dwarka.** The training session equipped the teachers with the methodologies that create environment of positivity.

**SPORTS:** “The difference between the impossible and possible lies in a person’s determination”.

Sports helps to enhance the overall personality of children. It not only motivates one to stay fit, but it also teaches courage, resilience, teamwork and all other skills necessary for a holistic growth in life. Keeping this in mind, our school has-introduced Basket ball, Football, Cricket, Skating, Gymnastic, Yoga, Taekwondo, Chess & Swimming and also classes throughout the year all 12 months with hot water system.

Our students have won accolades at many levels; gold and silver medal in many Inter School and Zonal level Sports Competition and to mark most significant achievement of our 2 Sports Stars, I would like to mention Ms. Kanika Gupta of class 2<sup>nd</sup> who has won Gold Medal for our Country India in the International Taekwondo championship held in October, 2019 in Bhutan. Our young sports Star Master Yuvraaj Singh of class 3<sup>rd</sup> has won many awards 2 Gold Medals and 1 Silver in the different International Taekwondo Championship held in January, 2019 and September, 2019 in Nepal, Singapore & Bangkok. He is again representing India in Taekwondo International Championship to be held in Australia on March 2020.

### **Cultural:-**

To be competitive and successful in every sphere of life, a student needs many traits but most crucial all is Confidence. **Confidence** to truly accept oneself, to take on the challenges of life head-on. Various co-curricular activities are held under different clubs to ensure a holistic development of the child. It helps to remove student’s hesitation and stage fear; thus, imbibing confidence and courage to face challenges. Students are fully charged, enthusiastic and full of zeal, creating an exciting atmosphere on a very large scale.

Club activities are held regularly which provides the students with an opportunity participate and display their caliber. The different clubs are **Musical, Dance, Theatre, Robotics, Photography & Journalism, Agriculture, Social Service & Adult Literacy and Cooking without Fire.**

### **Contribution Towards environment Protection:**

It is our duty to save the environment’s beauty. Keeping this in our mind the following practices have been taken up by the School.

We are having Solar panels installed; the school is using solar energy that is a renewable source of energy.

We are having Rain water harvesting system in the School; in this way we are able to use the locally available rain water to meet the basic requirements.

We have proper waste disposal at the school which involves the segregation of the waste and sorting out the material that can be reused.

We are implementing various Educational environmental activities for our students with the objective of promoting awareness on environmental conservation and cleanliness.

We are practicing horticulture gardening in our School campus, where our students are actively participating.

We are reducing the paper work by being digital, we share the report cards online, all the data is maintained in soft copies.

We say no to the plastic by promoting use of paper and jute bags.

### **Special Assembly:-**

On special occasions our school conducts special assembly. Currently Delhi International School Edge Dwarka celebrated **Grandparents Day** in which we invited Grandparents of the Pre-primary and Primary as well as parents and in-laws of our dearest teachers. Whole event was marked as a special and memorable day for all of us.

**EXPOSURE:** It's very important to give exposure to our students to outside world and to make them understand the whole world in a global manner confident to make them aware of different professions we invite successful people of different fields. Aside from conducting special assemblies, workshops and organizing club activities, students are taken on field trips as well.

### **The School was Invited By President and Vice President.**

It was truly an honour when our school Delhi International School Edge was invited to grace the occasion of **Children's Day 14<sup>th</sup> November, 2019** for the interaction session with **President Mr. Ram Nath Kovind** and **Vice-President Mr. Venkaiah Naidu**.

The Students were accompanied by the **Principal and Academic In charge of Class VI-VIII Ms. Shelly Sharma**. It was a lifetime experience for our growing stars to interact with the **First Citizen and Second Citizen of India**.

**AWARDS:** It gives me immense please to share that we Delhi International School Edge has been awarded with 'Best School Leadership Award' by ZAMIT for the year 2019.

In addition to that, we have been RANKED among TOP 100 SCHOOLS in India for our Innovative ideas and co-curricular INCLUSIVE EDUCATION. This is based on the survey conducted by one of the largest and oldest education magazine from Bangalore '**Education Today**' in association with 'British Educational Association'. This award will be presented to us tomorrow i.e., on 14<sup>th</sup> December, 2019 in Bangalore.

And this wouldn't have been possible without the moral support and motivation of our Group Chairman Mr. Mahesh Kumar, highly energetic and positive Directors Mr. Ravi Goyal and Mr. Kashish Goyal and also our core Group Director Mr. Bhagat Singh's Support.

### **Interschool Achievers:-**

***“At learning Path School, we believe in helping the students to set a high standard for themselves”***

Achievers Awards are highly motivational and serves as a platform to help students excel in academics as well as other co-curricular activities. By providing a conducive and encouraging environment, the students are mentored to participate in a variety of Intra and Interschool activities/competitions. It enables the student to increase confidence, knowledge and enhance their all-round development.

### **Special Assembly:-**

These awards have been introduced in “Special Assembly” at School premises mainly to encourage students and enhance their performance further. It includes various Inter House Events, Interschool & Inter House Sports Events and Olympiads.

The achievers Awards have been acting as an effective tool to boost the confidence of students and bring in healthy competitive spirit among them.

### **Best school Leadership Award:-**

We are thrilled to share with you all that our persistent efforts have been recognized and rewarded. Delhi International School Edge, Sector-18, Dwarka, received school leadership International Award 2019, hosted by Zamit. Delhi International School Edge was honoured with the award for the best School leadership for the year 2019.

### **Award Ceremony:-**

I feel very privileged and honoured to stand here in front of you all acknowledge the commendable achievements of our brilliant students who have made both the school and their parents proud.

**Conclusion:-**

Keeping in mind the holistic development of our students, we have always worked towards giving them ample opportunity to inculcate all life skills needed to be successful in Today's world.

With this I seek God's blessing for each one of us, to keep accomplishing new heights of success.

To conclude, this year, we all took more collective step towards our vision and while one step was taken, many more are to go, and it is certainly achievable.

Thank You.
