"Happiness"

Happiness is all around you don't search for it, just live the life it's so beautiful!!!

Happiness is something which we can't describe in words it can only be felt from someone's expression of a smile. Likewise, happiness is a signal or identification of good and prosperous life. Happiness is very simple to feel and difficult to describe. Moreover, happiness comes from within and no one can steal your happiness.

Money can buy you food, luxurious house, healthy lifestyle, and many more facilities but money can't buy you happiness. And if money can buy happiness then the rich would be the happiest person on the earth.

True happiness means the satisfaction that you find worthy. The long-lasting true happiness comes from life experience, a feeling of purpose, and a positive relationship.

To conclude, we can say that happiness can only be achieved by having positive thinking and enjoying life.
