Learn 2 Code : Certification Program

Dear Parents,

With reference circular no. P44/52/OCT04/2020 dated 12th October, 2020. The link for introductory session for classes 1-9 is being shared with you.

If you have not registered till date, you can still get registered at <https://lrn2code.robogarden.ca/sign-up.html>

The child can join the introductory session on Friday 16th October, 2020 by clicking on the given links.

To join online sessions:

- a) The platform is simple and would let the students join their session in a few clicks, we still suggest to go through “Whiteboard best practices” at our FAQ section (<https://lrn2code.in/FAQ>) before they join the session.
- b) The introductory session is scheduled on 16th October, 2020 in the club slot according to your class links given below.
- c) The coding experts will be guiding the students for the first session. The students will have the flexibility to complete their 17 hours of coding any time. However, to keep a check on screen time, we recommend the students must avail a 30-40 minutes session per week in the specified club slot. The teachers will be available in club slot only.
- d) All participants completing 17 hours successfully are eligible for a basic coding certificate with international acceptance.
