CHAIRMAN'S MESSAGE

SH. DAVENDER KUMAR

Focus on making yourself better, not on thinking you are better.

-Bohdi Sanders

As I begin to pen down my message for you all my heart fills with pride to see how well you and our school have blossomed in the last six years. Congratulations to the DIS family for completing another successful year full of achievements and accomplishments. I have always felt that as one grows in experiences it's important to remember that we stay rooted and grounded. Together as a team we shall achieve greater heights each one of you shall pursue your dreams. I see the future of not just a progressive country but a better world in each one of you. All this is possible if you focus on becoming better each day try to set higher standards for every goal you wish to achieve. Never ever bow down to the struggles you face for they are the best gift you receive as it makes one stronger and wiser. Do not procrastinate as it only makes a task more difficult. And last but not least remember to be Kind in your actions as it brings unmatched happiness when shared and never backfires. I look forward to seeing you grow into responsible and empathetic individuals. The values you uphold will make the individual that you will be.

We look forward to your continuous support.

God Bless.

PRINCIPAL'S MESSAGE

MS. PRIYANKA BARARA

Everything you want is a dream away under this pressure, under this weight we are diamonds taking shape.

-Chris Martin

My dear students I take this opportunity to congratulate all of you for being such amazing learners and responsible children. In the last six years I have seen you cultivate and respect some good practices. There is no doubt that you and excellence go hand in hand. Still there is a lot to achieve and yearn for. So never be afraid of dreaming and achieving you are an outcome of the choices you make. At school you are provided with an environment that encourages you to explore and pursue your ambitions to the fullest. Remember that you will be able to make the optimum use of your surroundings and provisions

only if you stay focused, as they say "Where there is no vision, the people perish." It is pertinent to mention that you have a goal, and every action and thought that you have or make should be directed towards it. Give utmost importance to time management as this is a skill if acquired at an early age takes one a long way in beating stressful times and handle pressure. Take time to reflect upon your actions each one of you has been blessed with the power of reflection you just have to focus on it, this will help you make sensible choices in life. The opportunities you get in these fourteen years of grooming in the school may never repeat in other spheres of life make the most of them.

I am not what happened to me I am what I choose to become

-Carl Jung

This session is special for another reason too, this year our first batch of class X students shall appear for their first board exam. For all my class X students I would like to tell you that remember each one of you is unique and capable in your own way. Do not get bothered by comparison or competition just be the best version of yourself. Have faith in your abilities and face every challenge that comes your way. As I quoted in the beginning "under pressure diamonds are shaped" take everything in its stride and remember **YOU CAN AND YOU WILL DO IT.**

God bless !!

A VERY HAPPY NEW YEAR TO ALL

EDITOR'S MESSAGE

MS. MUGDHA SETHI

MS. LATIKA SURI

A weak link is better than a strong memory. Nothing exemplifies it better than the nostalgic feeling one gets when leafing through the dusty old pages of his/her school magazine. It can make a reader travel down the lanes of memory, giving rise to a surge of emotions and different colours.

I feel jovial to see the amount of enthusiasm of eminent members of the school to contribute to the magazine. Our students have devoted time and plunged into creating

powerful stories, heartwarming poems, vivid drawings and informative articles. I stand awed by the sheer number of articles that have come pouring in for the magazine.

DIS is going to give the pleasure to all the brilliant minds who traverse through the portals of this temple of learning. I invite you to read and immerse yourself in the unfolding art and be exulted.

WORKSHOPS

CELEBRATIONS

LOHRI

Lohri is a popular winter time Punjabi folk festival celebrated primarily by Sikhs and Hindus from the Punjabi region of India subcontinent. In DIs we celebrated Lohri on 13 January with a bone fire and put eating sheaves of roasted corns into it. Gachak, nuts and corns were distributed. Children enthusiastically and excitedly dance on different Punjabi songs.

BASANT PANCHAMI

Basant Panchami is a festival that marks the arrival of spring, celebrated by people in various ways. Our school celebrated Basant Panchami in the month of January. The staff and students of our school sought blessings from Goddess Saraswati.

REPUBLIC DAY

Republic Day honours the date on which the constitution came into effect on 26 January 1950 replacing the Government of India Act (1935) as the governing document of India. Flag hoisting ceremony marked the beginning of Republic Day assembly. Students performed in the assembly and showcased different act to represent the theme of Republic Day.

CARNIVAL

The school organised its first Carnival on February 4th. It was a fun filled day with events that included Baby show, Swings, Art Competition, lucky draw, animal rides and game stalls. All the parents and students made this a memorable day.

GRADUATION DAY

Every end has a new beginning. This day might be the last day for the kids in kindergarten, but we believe learning will actually start from today. We were excited that little kids are growing so fast that a year back they were just tiny tots and now they are big grown-ups completing their pre primary. Taking a step ahead towards primary section, a bit of nervousness with full of joy they performed on Songs and enacted a Fairy tale with a positive energy and zeal. They had shown their gratitude towards their Teachers with a smile and everyone cheered them up.

ORIENTATION DAY

Parent orientation was organised to welcome new parents of all the branches of Delhi International group of schools. Our speaker Dr. V.S Ravindran, an eminent child psychologist enlightened the parents with his wise words.

SESSION BEGIN HAWAN CEREMONY

The school conducted Hawan ceremony to give an auspicious start to the new session 2018-19 to seek the divine blessings of the almighty.

BAISAKHI

Baisakhi is a historical and religious festival in Sikhism and Hinduism. It refers to the harvest festival celebrated by the farming community in the states of Punjab and Haryana. The farmers specially wake up early in the morning on this day and take bath in the ponds or rivers. Then they visit Gurudwaras and thank god for blessing them with good harvest. Joyful festival is celebrated on 13th April with lot of charm and enthusiasm. The School organised Punjabi songs. The kindergarten children were dressed in Punjabi attire and danced on the dhol beats. Children were told about the importance of the festival and farming as it is a rich cultural heritage of India.

INVESTITURE CEREMONY

The school held the investiture ceremony on 16th July to assign duties to the new Prefectorial Body. The Principal, Mrs. Priyanka Barara and the chief guest, Dr. Shubhra Kathuria, Director of physical education and sports, Bharati college, pinned the badges to all the members of the prefectorial body. The members pledged to uphold the dignity of the school by abiding to all the rules and regulations of the school.

TEACHER'S DAY

The students of classes VIII-X presented beautiful surprise performances expressing their love and affection for their teachers. Some of them took over the role of teachers and understood the efforts done by teachers every day.

TREE PLANTATION

In an endeavour to keep the air of the city clean the Delhi government announced a tree plantation drive. It was conducted in our school on 8th September. The staff members and students planted the saplings received by the school within the school campus.

FRIENDLY MATCH III AND IV

Delhi International School organised a friendly cricket match for class III and Class IV. The cricketers from these classes displayed their mettle and skill during the match. The classes were divided into two teams: Dangerous Tigers of class IV and Super Racers of class III. Both the teams showed remarkable team spirit and sportsmanship. The match ended by Dangerous Tigers of class IV winning the match.

GRANDPARENTS DAY

Grandparents Day is a day dedicated to acknowledging and celebrating the important contribution made by grandparents to the well being and education of children within their family. Little children of “Nursery class” participated enthusiastically on grandparent's day which was celebrated on 13th October 2018 in DIS JUNIOR sector-13.

HALLOWEEN CELEBRATION

The eve of the western Christian feast of all the hallows day. The time in the liturgical year dedicated to remembering the dead, including saints and martyrs. We organized

Pumpkin tree activity and hosted the ghost party for our tiny tots. They were dressed up in ghost costume. We decorated the school with spooky things. They enjoyed a lot and learned about this festival.

UDGOSH

A Street Play Festival- Our school organised this festival to celebrate learning on a non competitive platform. The participants produced street plays on issues that are affecting the youth and our society today.

SPORTS DAY

15TH DECEMBER was a day of zeal and physical activities where the students took active participation in it. It was a great honour for our school where eminent personalities like Sh. Rajinder Goel, a renowned Ranji Trophy Cricketer and Sh. Shivaji Sindhu, Coach of Indian National Hand Ball Team presided the event as chief guests. Not only the students but the parents also participated in the event with full energy and power. Many activities were taken place and ended up with the motivational and inspiring speech of Ms. Priyanka Barara. Always remember 'Winners never quit and quitters never win'.

ISA ACTIVITIES

The British Council is the United Kingdom's International Organization for cultural relations and educational opportunities. This year is participating in International School award program run by the British Council. The British Council offers the International School Award (ISA) as an accreditation framework for schools to record and evaluate their international work and embed it into the curriculum and whole school ethos. As part of the ISA action plan, the school planned and executed different projects for students of different age groups which were titled as 'Knowing our Rights', 'Drip Drop Stop', 'Festivals of Winding', 'Erase the Waste'. During the participation, students have explored their creativity and innovation to the fullest and have learned a lot to become global citizens.

The first activity under the ISA plan was conducted in the month of April-May setting on 'Rights Rightly'. Students of classes VIII-X under this activity learnt about the intricacies of the Indian Judicial System. This was done through a power point presentation given by the teacher which also highlighted the features of the Judiciary in countries like Brazil and France. This was followed by a visit to the district court where they met an eminent judge Sh Dharendra Rana.

A combined activity was taken place for classes IX and X where they got an opportunity to express their views on the legal system along with right to privacy by the means of ppt's, projects, collages and role play. It was a brainstorming activity where they talked about court rooms and their functions. The students showed their PPT'S to express the functions of court and its important role in our lives. It was an interactive session for all and fosters team spirit in all.

It was an enhancing session for class VIII where the students were divided into groups and they were asked to prepare a collage to represent the legal system of the country allotted to them and discuss about right to privacy. The students presented it in a very impressive manner where they presented the importance of fundamental

rights of different countries through ppt's and collage. This insightful activity that aimed to develop their thinking level and their young minds towards the importance of rights.

Drip Drop Stop was another insightful activity that aimed to sensitize our young learners towards the importance of conservation of water. The highlight of this activity was the stay board created by the students of classes I and II.

September and October are the months of festivals. A colourful activity was held on 16.10.2018 where the students of class V-A & B made poster on various festivals celebrated in India, Spain and Japan. The theme was colours of life which seek the attention of our young minds and with full zeal they gathered different information about the festivals of different countries. It was an engaging activity for the students who actively participated in it with full zeal and understand the importance of festivals.

E-Waste is becoming a global issue that has drawn attention of researchers all over the world. Erase the waste was the theme in the month of October-November. Students of classes VII-X understood how E-waste is generated by increased consumerism. They researched on the E waste management methods used in India, Australia and China compared the results and participated in the group discussions.

Students of class V participated in special assembly on the topic 'Drip, Drop and Save Water' in the month of August. The students acted and showcased the importance of water. How we can conserve water. Water is an essential element without which a man is like a bird without wings.

CLAS - VI

Students of class VI A and B participated in the special assembly on human rights and duties to showcase the fundamental duties and rights of the common people. Rights are the basic needs of every human being and students showcased the importance of this theme through their act.

The special assembly of class VII-A was on the topic "Eat healthy, Stay healthy". An enactment was presented by the students along with some quotes for better understanding of the students. The role play was about two frog friends and their varied lifestyles as one loved to eat all junk food and remained lazy whereas, the other one chose healthy options over the unhealthy food items and stayed fit as well as active. The students learnt the importance of eating healthy food items for better health conditions.

CLAS - VII A

Animal experimenting- pouching, hunting is cruel; millions of animals suffer just to find that one perfect eye shadow color, or that one cure for chicken pox. Mice, cats, dogs have been used in laboratories all across the world to test out new products and drugs before they are used on humans. The students of class VII -B took an initiative to forecast and bring forward the sufferings of these innocent lives who are the contributors to various wildlife sanctuaries across the globe. The students acted in various roles- lion, crocodile, dog, cow and so on and portrayed how these lives are being used to get beautiful jewellery, cosmetics-shampoos, chemicals, fur. The act explained the pain, grief and afflictions thrown at these animals in the name of these testing products.

CLAS - VII B

CLAS - VIII

Students of class VIII presented an assembly on how we can respect and enjoy our festivals. Each festival celebrated comes with a meaning and a significance over the years a few wrong practices have crept over and become a part of these so called celebrations. A beautiful reminder was given by the students of class VIII to save our community, country and environment especially during celebrations.

TRIPS AND EXCURSIONS

AGRA

Agra is a city in northern India's Uttar Pradesh state. Its home to the iconic Taj Mahal, an ivory-white marble mausoleum built for the Mughal ruler Shah Jahan's wife, Mumtaz Mahal. The imposing main building features a massive dome and intricately carved white marble inlaid with precious stones.

Our students visited this historical city for two days on 17th and 18th November. It was a fun filled experience for them. They also attended sound and light show followed by a puppet show. On the last day they were taken on a guided tour to Fateh Pur Sikri.

HELIPAD

Students of class I & II explored various aspects of aircraft like different aircrafts, uniforms, and achievements, their work stations, and how these helicopters are operated during their visit to Helipad.

MEGA MORE STORE

Class II students visited Mega More store. The visit was truly educational hands on experience. Our little ones had a great learning experience which is always enhanced outside the walls of classroom.

NATIONAL MUSEUM

Class V visited National Museum in the month of August. A guided tour was given and old manuscripts and handicrafts were shown to students. The visit was knowledgeable for the students and they grabbed the information of our history.

NATURE WALK

Students of class I & II were taken to a nursery with the purpose of connecting them with Mother Nature and knowing more about planting.

VISIT TO OLD AGE HOME

Children had experienced the love and affection of grandparents on visit to old age home. They learned the moral and spiritual values from them and kids also showed their love through performing small performances and gifted them sweets as token of love and received blessings from them.

NANITAL

Delhi international school works towards providing students a holistic approach towards life, believing in the spirit of adventure. Students from classes VI-IX attended the Rocksport camp at Nanital from 15th May to 19th May. It was a wholesome experience for the students. It included activities ranging from trekking, setting up tents and writing journals.

KIDZANIA VISIT

The tiny tots were taken to Kidzania where they experienced different activities by indulging themselves in it. They went to Big Bazar, explored different things with full zeal.

NGO VISIT

The students of class IX AND X visited NGO (Shiv Ashray) to expound their emotions which helped them know the importance of Empathy. It was a great opportunity for them to get emotionally attached with their grandparents. It was a day full of empathy and they realized the pain of their elders.

GURUDWARA VISIT

Gurupurab in sikh religion is a celebration of a birth anniversary of Guru Nanak Dev Ji marked by the holding of festival. The school took tiny tots to “Nanak Piao” Gurudwara. The students celebrated Gurupurab with great enthusiasm and fervour.

ISCKON

The tiny tots were taken to Isckon on occasion of Janamashtmi. Children enjoyed childhood stories of Lord Krishna & danced on the tune of “Hare Rama Hare Krishna”. It was a devotional and memorable visit for the students.

FIELD TRIP YAKULT

Students of class IV visited the Yakult (health drink) factory on 27 August and 31 August. This trip gave them insight about the benefits of good bacteria for a healthy gut. They learned how these products are prepared and what kinds of precautions are taken while manufacturing these drinks.

SUPER MARKET

The visit to supermarket was truly an educational one. The students had an enriching and fun learning experience.

Digital India

Digital India is a campaign launched by the Government of India to ensure the government's services are made available to citizens electronically by improved online infrastructure and by increasing internet connectivity or making the country digitally empowered in the field of technology. The objective of the digital India group is to come out with innovative ideas and practical

solutions to realize Hon'ble Prime Minister Narendra Modi's vision of a digital India. He envisions transforming our nation and creating opportunities for all citizens by harnessing digital services, knowledge and information. This group will come up with policies and best practices from around the world to make this vision of a digital India a reality. The initiative includes plans to connect rural areas with high speed internet networks. Digital India consists of three core components- development of secure and stable digital infrastructure, delivering government services digitally and universal digital literacy. Digital technologies which include Cloud Computing and mobile applications have emerged as catalysts for rapid economic growth and citizen empowerment across the globe. Digital technologies are being increasingly used by us in everyday lives from retail stores to government offices. They help us to connect with each other and also to share information on issues and concerns faced by us.

“I dream of Digital India where knowledge is strength and empowers the people.”

SPORTS AND EXCELLENCE

Sports and games are very beneficial to us as they foster qualities like punctuality, patience, discipline and dedication. Playing sports help us in building and improving confidence level. If we practice sports on regular basis, we can be more active and healthy. Being involved in sports activities help us in getting protected with numerous diseases. It makes us bold and gives the feeling of happiness by reducing the occurrence of anxiety. It makes us physically fit and mentally comfort using which we can easily deal with the problems. The nation having more famous personalities get familiarity very easily in less time. It needs dedication, patience and most importantly some physical activities mean physical and mental health of a person for a healthy survival and success.

Therefore, don't limit your lives into just books and technological devices, take some time off your busy schedules and go out to play. Therefore, we should make a point to work hard and play harder; it will balance our life well.

-ATISHAY JAIN (V-A)

Fitness is the one benefit on which most people agree, healthy people are happier, more production and less of burden on the state. Children who do plenty of exercise are more likely to become healthy adults. Hard work, persistency, continual improvement, discipline and health are main traits that all winners should possess. It brings discipline in the mind during the playing of games. It is the good feeling and togetherness by the students. Sports are the sources of recreation. They provide relief and a sense relaxation in a life of monotony of routine marked by miseries, hardships and hurdles.

मजहब नहीं सिखाता आपस में बैर रखना

आजकल आये दिन धर्म के नाम पर होने वाले संघर्ष के समाचार अखबारों में आते रहते हैं। कहीं अलग अलग धर्म को मानने वाले लोगो के बीच दंगे भड़क रहे हैं। इसका कारण अपने अपने धर्म या सम्प्रदा को अन्य धर्मों या सम्प्रदाओं से श्रेष्ठ मानने की भावना है। धार्मिक कट्टरता का भाव ही सारे धार्मिक संघर्षों की जड़ है। धर्म के नाम पर लड़ने वाले यह नहीं सोचें की वास्तव में सभी धर्म एक ही सत्य पर आधारित हैं। यह सत्य है -मानवता अर्थात् मनुष्य का मनुष्य के प्रति प्रेम, करुणा, दया

और मैत्रीपूर्ण व्यवहार । कोई भी मजहब अपने अनुयायियों को लड़ना नहीं सिखाता फिर भी इतिहास मजहबी हिंसा से भरा पड़ा है। मजहबी लड़ाइयों के पीछे कट्टरवादी और मजहब के नाम पर लड़ते रहने के कारण ही वासुदेव कुटुंबकम् का आदर्श साकार नहीं हो पा रहा है। कितनी माताओ की गोद सुनी हो जाती है, कितनी नारियां की मांग का सिंदूर उजड़ जाता है, और कितने ही बच्चे अनाथ हो जाते हैं। इस सन्दर्भ में मुझे दो पंक्तिया याद आ रही हैं-

मजहब नहीं सिखाता आपस में बैर रखना
“हिंदी है हम, वतन है,” हिन्दुस्तान, हमारा।।

मेरा सुपर हीरो

मेरे पिता दुनिया के सबसे प्यारे व्यक्ति हैं। यह मेरे हीरो, पक्के मित्र, मेरी प्रेरणा और एक बहुत ही अच्छे इंसान हैं। वह हमेशा मेरा ध्यान रखते हैं। यह बहुत तंदुरुस्त, खुशमिजाज और समयपालक व्यक्ति हैं। यह हमें जीवन में समय का मूल्य सिखाते हैं। यह समय-समय पर मुझे अपने जीवन के सभी संघर्ष और सफलताओं के बारे में बताते हैं। मैं हमेशा उनके जीवन और अनुभवों के सीखता हूँ। जरूरतमंद लोगों की मदद के लिए वह कभी पीछे नहीं हटते, सदा उनकी मदद के लिए तैयार रहते हैं। वह बहुत ही विनम्र और शांतिप्रिय व्यक्ति हैं। वह कभी मुझे डाँटते नहीं हैं और मेरी गलतियों को सरलतापूर्वक लेते हैं, तथा बहुत विनम्रता से मेरी गलतियों का मुझे एहसास करवाते हैं। हमारी छुटी को खुशनुमा बनाने के लिए वह दादी को और हमें हमारे मनपसंद स्थानों पर ले जाते हैं। मेरे पिता एक आदर्श व्यक्ति और मेरे सुपरहीरो हैं।

MY DREAM FOR MY CHILD

I probably think about my children's future more than I have ever thought about my own. There are many dreams we saw as a parent for our child. I know most of us want to see our kids as future doctor, engineer or entrepreneur. Wishing this future for your child is not bad but too early in my opinion.

My wish for my child is to be kind towards all lovely creatures of God, whether it is human, animal or trees. He should be honest and independent in all decisions life assign to him. I wish that I would see him as a good human and successful person in future.

MY DREAM FOR MY CHILD

People say they are different, I say they are just like you and me; it is all in the head if you think about it, DISABILITY OR NO DISABILITY

It's not their mistake they are special, you don't decide how you want to be, you are you without your contribution, you could have also been them, you see?

Think about how they live their lives, Step into their shoes for just one day, how we make their lives Miserable, and they never get to say.

Because we never listen we have given them a name, the name that's all they are to us, and we don't care, what a shame!

Down Syndrome is not a curse, that's just something we labeled. That's what we all have created, but its time facts are updated and belief are repainted.

We have the same BLOOD, we have the same SOUL, we are better than the animals, that's what we have been told.

Even those who walk on fours, treat their slow one EQUAL, are we worse than those we keep, what have we become, OH people.

Its time we stand together,

And together take a vow, we will not think of them as different, anytime, ever starting now.

Now here is a short poem unfolding my dream for my girl:

I look into your eyes; I see me but I want you to be YOU.

I want your dreams to be yours not ours.

Don't look back; look forward and you will see.

It was not me who pushed you.

It was you, you will see.

Push it further and test your dreams for soon you will be grown up.

THEN YOU WILL BE YOU.

It is rightly said, "Miracles start to happen when you gives as much energy to your dreams as you do to your fears." Dreams are essential.

As a parent my dream for my child is to achieve good marks, good friends, get everything she wants in her life. Just like others, I have also nurtured a career dream for my daughter and wish her to be successful doctor one day. From a very early age, kids are made to dream about big professionally. They are fed with importance of making a successful career. Everyone they come across asks them about their aim in life and careers become the prime focus of most. They set an aim and give their best to achieve the same. However, having said that, merely dreaming would not help, I will also work hard to attain my dream simultaneously.

MY DREAM FOR MY CHILD

From a young age children are made to dream big about making a successful career. There is nothing wrong in dreaming big as it is rightly said, "if you can dream it, you can be it".

Like all parents I too dream of a rocking career for my child. Along with an established career I also wish good health for him. The most important thing I wish is that may he invests his time in nurturing relationships sincerely which is of utmost importance in today's busy and changing world.
