Principal's Message

Dear Parents and Students,

I am honoured to introduce myself as the Principal of Delhi International School, Dwarka Sector 23.

A new session, a new beginning, and we continue in our journey of learning and exploring new avenues to be better individuals.

Working in partnership – with the school, learners, teachers and parents, we will be able to take DIS to the next highest level of excellence. Our continued association will ensure that our learners are progressing and becoming global heads with noble hearts.

We firmly believe in the dictum of the Quote: “Where a Team Works, Dream Works” hence we consider consistently working together to address each student’s specific needs both academically and socially.

To the students, I have but one message to give. Dream big and work towards your goal. We, at DIS, strive to see your beginnings culminate in unparalleled success. And, success comes to those who are good human beings while at the same time excel in scholastic as well as co-scholastic fields. You stepped into the portals of this great institution with fresh thoughts, high aims, high hopes, and exalted aspirations. I assure you that your ambitions will be accomplished through the able guidance of the highly accomplished and experienced faculty of teachers. In return, the school seeks superior ethics, positive attitude, social and moral values and discipline. Remember, you are the torchbearers and your first and foremost duty is to work hard with full integrity and zeal that will enable us to reach our goals, making teaching and learning both meaningful and joyful.

Let us all work together to make every moment count in the lives of our learners with the intention to make our best, better each day.

To conclude, I would like to reiterate my belief with this quote by Henry Ford: “If everyone is moving forward together, then success takes care of itself. So let’s all join hands to take off on this journey to higher orbits of excellence.”

Go forth and embrace your future with open arms, and enthusiastically pursue your own life-journey of discovery. Render dedicated service to humanity and live a happy and peaceful life.

Wishing you success and well-being!

Shruti Sharma

KALEIDOSCOPE

Greetings to Readers!

Right from the very beginning, Delhi International School has been producing all its students as great achievers of fine personalities, those who keep up the motto of the school, "Creating global heads with hearts.". Thus, being the Vice Head Girl of such a reputed institution comes great responsibilities with trust upon me to maintain the order and discipline in the school so that we can uphold the legacy of Delhi International School. But this task cannot be achieved at all without your co-operation and support. I will try to give the best of me to my school and expect the same from all the students. One may not excel in every sphere of life and be a great achiever, but I believe, being a good human makes a person a great achiever in itself.

MUDRIKA SHARMA VICE-HEAD GIRL (2022-23)

I feel very proud after being chosen as the Vice Head boy for the session 2022-23. After two long years of the online mode, I am happy that we are all finally back in school physically and I am looking forward to working with all the prefectorial members in the school. As a vice head boy, I will ensure that the decorum of the school is in place. Another thing I want to work strictly on, this year is to encourage more and more English speaking in the school by working with the Language Stars. Once again, I am very honoured by getting this chance of being the Vice Head Boy and I also understand the responsibilities that come with it, as we all know, with great power comes great responsibility. I would like to end this with a quote from John C. Maxwell, "A great leader's courage to fulfill his vision comes from passion, not position."

ANUROOP SAXENA VICE-HEAD BOY (2022-23)

"Leadership is not about titles, position or flowcharts, it is about one life influencing another"

My name is Ritika Yadav and I am the Head Girl of Delhi International School. Being appointed the Head Girl of this prestigious institution makes me incredibly proud. I learned discipline, respect, and an unrestricted love of learning from DIS. So, first and foremost, I want to express my gratitude to all of my teachers and classmates for having faith in me and having confidence in my talents.

My experience as Head Girl instilled in me a sense of duty to contribute to the school's well-being and work toward the welfare of the entire school. I have to set the best example for all of the students as head girl.

Finally, the sense of obligation, pride, and pleasure that this legacy of greatness has fostered exist in me.

My only message to each and every student is:

Deep into the darkness peer and stay long, wondering fearing or even doubting but still dreaming, dreaming dreams that no mortal has ever dared to dream before because that is what DIS stands for and that is what we shall all together strive for.

Best wishes

RITIKA YADAV (HEAD GIRL)

Head Boy Experience

I, Kunal Sharma, feel extremely honored to hold the post of head boy at Delhi International School. This duty has increased my self-assurance and helped me to believe in myself. It assisted me in developing the leadership skills necessary to carry out all necessary tasks while considering everyone's interests.
