## **HEAR FROM OUR ALUMNI**

"My name is Dr. Haritha Nair, an alumnus of Delhi International School, currently pursuing MD Anesthesia

from JNU medical college, Jaipur. The person that I have turned out to be today is all because of the great efforts and guidance given by my beloved teachers. Sharing my personal experience, my flair for writing was also identified in DIS because of which I have an article published in a reputed magazine by Manipal hospi-

Dr. Haritha Nair (2012-2013) (Currently Pursuing MD Anesthesia)

"Delhi International School has a very special place in my heart.The institution not only laid important values in me but also made me a more confident individual. It helped me identify my interest. The various career

I am today."

Aanchal Saxena (2019-2020) (Bachelor Of Design Interior)

fairs and the counseling sessions have

been the guiding force to make me what

"My school, DIS has played a vital role in making me what I am today. The connect that I shared with my teachers is something

that I still cherish today. Going down the memory lane, I appreciate the endeavours done by the entire team to make their students succeed in life"

Disha Jangwani (2021-2022) Pursuing B.A.L.L.B Vivekananda Institute of Professional Studies - Technical Campus)

"With immense pleasure, I announce that my selection to Colorado State University is because of my hard work coupled with the sincere efforts done by my teachers and the blessings of my parents. DIS has been an integral part of my life because of which I stand with values and morals embedded deep within me. I am a proud Dishon"

Taran Patel (2021-2022) Selected For Computer Science at Colorado State University USA

"I decided to go for a full time course in America when first my school gave me a chance to visit the USA for an exchange programme, when I was in grade IX. DIS has always been a great help in achieving my goal. The career counseling sessions in the school gave me an opportunity to understand the process of admission to foreign universities and work towards it. My mentors at school always made me believe that I could achieve my dream and motivated me. Thank you, team DIS"

Bhavya Gupta (2021-2022) Undergraduate Degree In Environmental Engineering, Arizona
