

HEAR FROM OUR PARENTS

“In 2017, when I was looking for the best school for my daughter Vedika Negi, I came to know about Delhi International School from my neighbour. I personally visited DIS and found it to be a safe and secure place. I could also witness that the school nurtures a caring and learning environment for all the children. DIS encourages students to participate in the curriculum as well as co-curriculum activities like assemblies, sports, dance, music, and yoga. Observing Vedika’s growth, I chose DIS for my son too. I am a happy parent.”

“Greetings! I am elated to share my feedback about DIS. This school is taking steps to make our young children better prepared for the future. The school covers all the aspects required for 21st-century skills. The class sessions are executed well with proper planning. My daughter, Samaira wants to go to the school even on Sundays. Thank you and big applause for the commendable work done by the team of Delhi International School.”

“I Ashwani Rathore, father of Mitansh Rathore, a student of Class IV-A, would like to thank the entire school faculty for their continuous care and support. The teachers are very helpful. Their support and encouragement always enhance the confidence of the students. I chose DIS with high expectations of getting the best possible education as well as exposure to extra-curricular activities. DIS has delivered more than my expectations.”

“Delhi International School offers my kids a safe and green environment. The school teachers give individual attention to each of the students. They identify the natural talent of each child and nurture them by guiding children to the right path. At the same time, the school staff ensures that the kids are not pressurized into academics or a specific activity. Hence the kids are given the freedom to aspire and aim for what they want out of their life. It’s a very balanced approach that the school management is taking forward. Happy to be with DIS”.

“DIS has been the best choice for Siddhi. Apart from focusing on academics, this school organizes excursions and trips to develop confidence and personality of every child. Siddhi has been benefitted by contributing in DIS Taru, the monthly edition. My association with DIS is from the past 12 years and this is undoubtedly a privilege and a matter of pride to be a part of DIS family. The school has made my ward become more confident, improved her personality and inculcated various moral values and leadership qualities.”
