

## DELHI INTERNATIONAL SCHOOL DWARKA

Dear Parents,

Date 19/04/20

We need to thank you for your perpetual collaboration with respect to the effective completion of the first phase of virtual classes. In any case, presently, we are class wise shifting to another application for video conference to provide students a safer platform.

As teachers, it's our ethical responsibility that academics ought to be continued. Keeping this in mind, we have purposed the teachers to make WhatsApp group for giving instructive material, audio-video lectures, CBSE Links and so forth. Teacher will also use emails for sharing information, It will likewise serve to keep you updated with latest information till the school reopens.

This time, we as a whole need to incorporate some fundamental abilities exercises separated from scholastics where we make them practice mental/ physical/emotional health, self-esteem, self-articulation, building confidence, tolerating, trusting, empathizing and self-strengthening.

We intend to use **Microsoft Teams** for conducting on line classes.

But as we all realize to introduce a new component, to make into practice, to prepare the teachers accounts and students IDS, to train the lecturers for the usage of it with complete safety and security can take some time. Moreover, Since the online classes are going on global huge in present scenario due to pandemic COVID-19, to release any new app requires for at least 24 hours for its activation.

We're sharing with you the tentative dates of starting up online teaching through Microsoft Team until then a time table is also being shared with you to be followed:

S.NO	TENTATIVE DATE	CLASSES
1	22 April,2020	X & XII
2.	23 April,2020	XI
3	24 April,2020	IX
4	27 April,2020	VIII

We need your support and co-operation to develop a plan to provide and support learning for our students.

Stay Safe and Stay Fit!!!

Thank You!

Dr Priti Ojha

(Principal )
